

A Shared evidence lineage (schematic)

Illustrative dependence, not an observed grouping

Arrows indicate underlying source → derived publication

B Different representations of the same literature

Publication-level representation

Counts each publication separately

P1 P2 P3 P4 P5 P6 P7 P8 P9 P10 P11 P12

12 publications → 12 pieces of evidence

Same literature volume,
different amount of
independent evidence

Lineage-aware representation

Accounts for shared underlying evidence
